Hi Todd,

Thanks for getting in touch! The EPA Community Involvement Coordinator for the Wilcox Oil site is Bill Little. I have copied him on this email. He should be able to help you, or at least get you in touch with someone who can!

Thanks,

Amber

Subject: Bristow Superfund Site

Amber,

If you recall we met at the seminar in Tulsa several weeks ago. I wanted to follow-up with you and a recent article in the Tulsa paper provided me with a perfect reason to get in touch with you.

Wilcox Oil Company in Creek County (Bristow) is on the NPL list. I was hoping you could provide me with the contact person for the EPA is on this site. I have also included a copy of our Capabilities Statement for your reference. I thank you in advance for your prompt reply.
